	ity Subcommittee staff, regarding his inquiry as to whether
	rial on Soviet military policy could be declarative. (See
	study but called his attention to a Rand Corporation transla
•	s place on Soviet military strategy which has been published
by Fremies H	il. I pointed out that the forward to this document contains
much of the sa	me information as found in the PBE publication. Mandel
thenked me for	this information.
	Having proviously ruled out the date
of 12 June se a	possible day for the Director's appearance before the Joint
Canaditee on	Atomic Spergy, George Murphy, of the Committee staff,
eald that on th	lags developed this might still be a good date for the briefin,
sald that as the	ings developed this might still be a good date for the briefings date was still open for the Director. I checked and advise
sald that as the He asked if this Was that the 12	
said that as the ele sained if this him that the IZ point, herepay	ings developed this might still be a good date for the briefings date was still open for the Director. I checked and advise the was still airight as far as we were concerned. At this
said that as the ele asked if this him that the IR point, hearphy	ings developed this might still be a good date for the briefings date was still open for the Director. I checked and advise th was still airight as far as we were concerned. At this said he had just heard from Senator Pastore and the date he
said that as the ele asked if this him that the IR point, hearphy	ings developed this might still be a good date for the briefings date was still open for the Director.
